

Q. 1 Critically examine the relationship between Preamble's ideal of Sovereignty and the increasing globalization of India's economy and polity.

"We the people" of India have solemnly resolved to constitute India into a Sovereign State. Ideal of Sovereignty denotes that India manage its affairs independently, but rising globalisation of Indian economy and polity has developed India soft power to its new height.

Throughout the freedom struggle movement ~~British Imperialism~~ ^{objective} Sovereignty was the key ~~finding~~ ^{objective} against the British Imperialism. Because the British control over trade and politics led to the "Drain of wealth" from India along with drain of people's fundamental right.

Preamble incorporated very first thing objective about its nature of state is "Sovereignty". And India utilized this ideal after Independence during Cold war and profess the idea of Non-Align movement. Indian economy developed mostly independently till 1990s, in the wake of socialist values.

Globalisation has opened the economy of India for international market forces. This has led to the global Co-operation in the multipolar world, but ensuring the sovereignty of the nations.

Even though, ^{various} global institutions, acts and treaties have ^{binding} obligations but these doesn't mean that it will undermine one's sovereignty.

How ever in rising tides of globalism have led to synchronisation of various economies to Indian economy. And ^{come} big market players uses its soft power in restraining Indian economy. This affect the very essence of ^{ideals of} sovereignty.

Analysing all these facts it may be concluded that ^{rising} globalisation and ^{emerging} concept of soft power of nations have shaped the ideals of sovereignty in new way.
